

PAPAMOA FOOTBALL CLUB - TRAINING ALLOCATION / ENTRY TO PARK and GEAR COLLECTION POLICY - SENIOR

Policy

For the 2025 year and beyond the club will be charged for field hireage for Senior Team Trainings . Given the size of the club, the club will have preset training nights. This will be detailed on the club website

Purpose

To ensure training night allocation is fair and reasonable across all teams with consideration to mens and womens teams within the linear pathway.(includes FCTM Wahine).

Process

The club will confirm to the council which days/nights and hours are to be booked. For the 2025 season this will be 2 fields, 3 nights for 2 hours each night (6 hours per week)

The club will pay for 3 fields but 2 fields are to be used at any one time (a maximum of 4 senior teams can train on any given night). Team rotation will occur across fields to ensure fair wear and tear based on a calendar month.

For example Team A will be allocated half of field 7 in April, in May, team A will be allocated half of field 8 and so forth.

Teams are to train across the field avoiding goal mouths unless in an opposed oppositional game.

Teams will be set as follows for season 2025. Rotation of days/nights may change year to year to ensure all team and members are treated equally.

Mens NRFL (Tuesday and Thursdays)

Mens Division 1 and / or 2 (Tuesdays)

Mens 035s (Wednesdays)

Mens Division 3 - Social (Thursdays)

Women's Bay 1 (Wednesday's)

Pre season Trainings cannot commence until at least

10 weeks before the scheduled start date for NRFL

9 weeks before the scheduled start date for Federation

8 weeks before for woman's Bay 1 and Men's Division 1 and 2

7 weeks before the start for all other Divisions

This is to allow the club to manage its equipment allocation and time commitment.

In the event that the club has more teams in a particular grade on a particular evening then 1 further team can be added.

No more than 5 teams can be on any one night. The last team with their team confirmed (if more than 5 teams on 1 night) will be allocated another evening

TRAINING TIMES

There are 3 phases and all are subject to council confirmation. For 2025 the Council have advised all clubs to prioritise Junior/Youth footballers prior to 7pm. This is reflected in the 3 phases below.

Pre season phase (training can start from 6.30pm)

In season (Prior to Juniors / Youth)- 7pm start

In season (after / Juniors and youth start) can be adjusted once Juniors/Youth training times are known, but no earlier than 6.30pm.

Distribution of club equipment

Teams will be allocated club equipment when the nominated coach has provided the club a list of players in their team and a minimum of 10 players have completed and paid their registration fee.

Divisional teams will be allocated

12 balls(no game ball)

Orange Bag

Playing Kit

Water Bottles

First Aid kit / equipment

2 sets of Keys

PROCEDURES

Training times and days will be added to the website.

Confirmed information must also be included in the pre-season meeting presentation to coaches.
